Olav Lange Hansen
Green Drive Thinking

Dear Olav:

RE: Support for Green Drive Thinking

I wish to express my support for your program Green Drive Thinking. It is grass roots programs like this that truly make a difference in our society. I am especially encouraged by your focus on GHG reduction as this is a problem that all nations must tackle together if we're going to ensure a safe and prosperous future for our children.

Keep up the good work.

Yours truly,

Doug Smith, P.Eng.
Assistant Director, Sustainability
