

# CAFÉ FLOWERS

OF THE WARM WATERS

Together we make tomorrow  
even more wonderful

A community project about strengthening local  
community life and development

# OUR MOTIVATION

We love the cultures of the world

We love to welcome everybody in  
our rural areas

We love to welcome everybody  
in our cities

We live in a wonderful world  
We live in wonderful communities  
We listen to music, we talk, we smile, we laugh  
We have good lives

We find love  
We get children  
They play, smile and laugh  
We play with them. We smile

Our children grow up  
They are curious. They have a full life ahead  
They want to live a good life  
Like we did. And like we still do

We protect our children  
From things that can harm them  
Our homes are their safe castles  
Our communities are their safe worlds

We make a difference every day  
At home, and together in our communities  
We make our small worlds safe  
We make each other smile and laugh

Past, present and future  
It is our old, ourselves, our young and our children  
We all live in our community, in our world  
We all want the same

# OUR MOTIVATION

We love to travel

We love to feel welcome  
We love to make people feel welcome

We love the community  
- To be part of it  
- To be proud of it  
- To contribute

The world is a wonderful place  
It was wonderful when we were children, in the past  
Together we changed the world, and made it wonderful today  
Today we make tomorrow's wonderful moments

Let's make tomorrow even more wonderful  
Let's let the past, the present and the future meet  
Let's listen to music, talk, enjoy the moment  
Our smiles will make tomorrow wonderful

You are welcome, you will feel it  
And you will make others feel welcome  
We all live in our communities, in our world  
We all want the same

We are you, you are we  
We are the old, the past  
We are the young, the future  
We are all in the present – the future is coming every second – we are all in it

Waters of the earth made our world  
Warmth of the sun made our world wonderful  
We live, we feel. We are every feeling being in the universe  
Me, You, We – we are all Flowers. Flowers of Life  
We are the Flowers of the Warm Waters

# WHY THIS PROJECT?

- ❖ We want to everybody who visit our local community feel it was the most welcoming place they ever visited.
- ❖ We want them to come back and also recommend friends to visit our community
- ❖ We will especially seek to attract young talented students and innovative entrepreneurs to consider our community as a place where they can find skilled employees – maybe establish business – maybe live
- ❖ We will travel out into the world and invite others to visit our wonderful community
- ❖ We also wish, that people in communities around the world welcomes guests, students and entrepreneurs from our local community, when we are out travelling

# HOW CAN WE DO?

- ❖ We can welcome visitors with video meeting even before they leave their home countries.

- ❖ We can make people feel comfortable about their journey to our local community – transport – accommodation, etc.

- ❖ We can make visitors' first experience extraordinary

- ❖ When they come to Café Flowers, they can be welcomed by here living people and get advise and guiding over a cup of coffee
  - ❖ The Café is a cultural center – they can read and learn about the community and area – and find tourist experiences – and tour guides
  - ❖ The Café can be a community education and exchange place – visitors can be invited to joints cooking, language learning, music and dance, exchange of ideas about making people smile, and about community-ship and community development

- ❖ The Café could be an entrepreneurs and exchange students meeting place?

- ❖ Young can connect to likeminded – make friends – learn about possibilities for international students and entrepreneurs
  - ❖ Visitors who consider to saty for longet time can get in contact with people who can help with finding a place to live and advise about everything required to live, study, work or establish business in the local area.

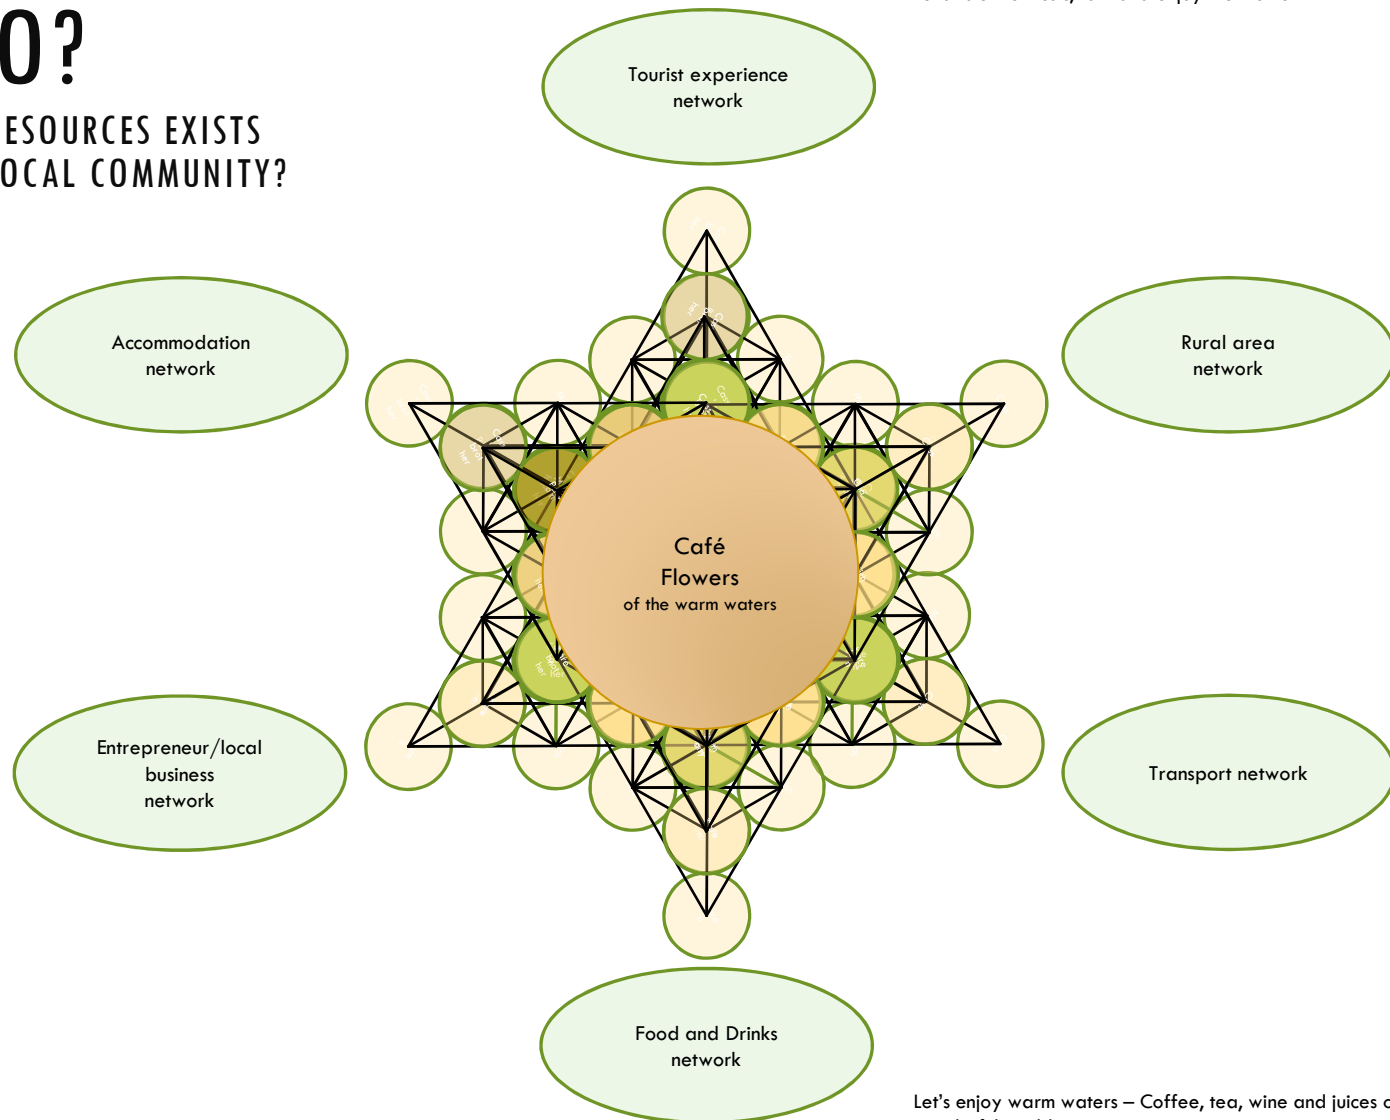

# IDÉAS ABOUT HOW TO INITIATE AND RUN A CAFÉ FLOWERS PROJECT

- ❖ First we find one or more good places to host “Café Flowers” meeting and/or events. For example a community house, a school, the local grocery store, a Café, a Farms shop, a music place or similar
- ❖ To make it easy we agree on a weekly fixed time for the events, for example Sunday from 4 pm til 6 pm. Locals as well as visitors will know that there’s always minimum one “host” you can come and drink a cup of coffee with every Sunday
- ❖ We will find volunteers to be hosts in turns. The basic task is to be present, so that locals or visitors not will go in vain. The task is to give visitors good advise and help answering questions about the local community or tell who to contact about different things.
  - ❖ NB: If similar events already exists, you don’t need to do ao much, other than write in the Café Flores Group, that visitors are welcome.
- ❖ You can, of course, add more attraction to the events. Surely there are many ideas in the individual local communities. Market days is a popular idea.
- ❖ We create an open “Café Flowers” Facebook group for local citizens and providers of services – and for visitors. The group is for writing about happenings, experiences and places
- ❖ The Café Flowers group is registered on the globale “Café Flores” map.
- ❖ Now you are ready – visitors who want to visit the community can find and join the group – and through there get contact to locals who can answer questions and make them feel welcome
